

## Altro Cantata™

### Adhesive-free flooring that hits all the right notes

No longer a soloist: Saving time and money, while looking great at the same time, Altro Cantata has joined Altro XpressLay to form a duet of adhesive-free flooring ranges. In contrast to Altro XpressLay, a slip resistant floor, Altro's latest addition is here to provide a smooth and attractive, yet still durable, solution for any time-sensitive installation.

Altro Cantata's 16 soft-look shades in subtle natural tones to vivid colors help create stunning surroundings, and the no adhesive required makes for both minimal installation time and disruption. Especially helpful for areas that cannot be shut down for long, like a busy hospital or school.

Though its finish is smooth, Altro Cantata can handle medium to heavy traffic, meaning that this adhesive-free floor executes well even in busy spaces. The easy cleaning and maintenance regime ensures that its striking shades look as great throughout the performance as they did when it first began.

A damp subfloor poses no threat, as Altro Cantata can be installed at up to 92% internal relative humidity, and without a damp-proof membrane.

Helping installations achieve sustainability goals is its 12% rapidly renewable bio-based content and 5% post-consumer recycled content, along with being phthalate-free. The adhesive-free nature means there are no odors or VOCs from adhesives, and 100% recyclability allows Altro Cantata to be taken up and recycled at the end of its long life.

### About Altro

Altro is a world-leading manufacturer and innovator in commercial floors and walls. We turn ordinary interiors into thriving environments, transforming spaces to enhance people's emotional and physical well-being.
