

Upgrades to Altro Lavencia™

Wilmington, MA

Based on customer requests and market trends, Altro Lavencia LVT has been reimagined and expanded to include 60 colors, featuring plenty of new shades while retaining customer favorites.

Our top 12 selling wood visuals are now available in both glue-down and adhesive-free formats, and the top four colors will be stocked handsomely in our North American warehouses for large, fast-track projects.

Six new, high-demand wood visuals have been added to the range including a stunning aqua washed oak that was created to pair with Hampton Greige allowing for modern, two-tone installation techniques.

But, we've updated more than just our wood looks! Our tile options have had a massive upgrade to give a more contemporary and sophisticated look across the range. We've also added five primary-colored options with an appealing seagrass visual. These colors can be installed alongside our grasscloths for a playful installation, particularly appealing for education-related installations, such as in school classrooms and corridors.

Beginning in 2017, our Altro Lavencia commercial warranty has been extended to 20 years to complement our already lifetime residential warranty.

About Altro

Altro is a world-leading manufacturer and innovator in commercial floors and walls. We turn ordinary interiors into thriving environments, transforming spaces to enhance people's emotional and physical well-being.
