

Kore™ Wobble Chairs

KORE is the leading innovator in ACTIVE SITTING which enables and increases “SECONDARY FOCUS”.
 Improve attention and promote better thinking and learning!

Humans simply weren't designed to sit still all day, yet many of us do – at work, at home, in a studio, in a classroom, or in front of a computer. Ordinary chairs and stools force our bodies into unnatural, static positions, that result in reduced muscle activity which often leads to long-lasting physical discomfort.

Kore™ chairs are perfect standing desk stool: supports your weight, takes the load off your legs and gives you a rest from standing by letting you perch. The best office stool for your table or stand-up desk!

Kore chairs rock and spin on a gently domed base, encouraging active sitting and exercising the very muscles that are at risk when sitting on normal office chairs. Improve your sitting experience and enjoy the long-term effects of happier muscles, healthier body, and hungrier mind.

Kore™ Product Lines

Kore™ Office Everyday Plus (18-25")

“Wobble stools” are designed to keep people active when they are sitting, strengthening the body’s core and legs, improving posture and keeping you from getting bored! Upholstered in durable Black Caressoft vinyl for easy maintenance and cleaning.

Kore™ Office Executive Hi-Rise (21-32")

The Hi-Rise is designed as a leaning or standing stool to keep people active when they are sitting, strengthening the body’s core and legs, improving posture and keeping you from getting bored! Upholstered in durable Black Caressoft vinyl for easy maintenance and cleaning.
