### *The chair crafters*

Seating Inc. is happy to announce it now has over 200 years of experience building chairs.

« Especially in today's world of fast employee turnover, having individuals who stay and work with us through the years means that we retain specialized talents. Our unique value in the market is applying this specialized knowledge to serve the seating needs of our customers.

### **People Matter - The core of a specialized chair building crew**

Seating Inc. makes their chairs from the inside out designing, prototyping and building from scratch. Specialty skills include woodworking, foam shaping, textile and upholstery craftwork, materials management and teamwork. With 4 people having been with the company over 25 years, 3 over 20 years, and 2 over 15 years, these long term workers are the core of a specialized chair building crew.
