

# SECTIS DESIGN

*where art & design meet™*

Achieve the Wow Factor in your retail, office, hospitality or residential space with Sectis Design Walls!

September 29th 2017

Sectis Design will be present in the NeoCon East Show November 15 &16, 2017 at the Philadelphia Convention Center, Booth 832. NeoCon East continues to evolve as the premier design expo and conference for commercial interiors on the East Coast.

This year at NeoCon East, Sectis Design fiercely addresses the need for amazing design and useful functionality applied to all types of wall-space solutions. We bring to the show impactful design in walls space concepts. Sectis Design goes the extra mile to optimize and manufacture your custom made wall design solutions; or you can brief our creative and experienced in-house wall design team and they will conceptualize, manufacture and install the wall solution you dream and seek. We also offer a vast array of pre-designed concepts you can select from or combine.

The Sectis Design team is showing at NeoCon East two main product lines: 1) The Sectis Walls line that designs and manufactures custom made exterior and interior wall space solutions ideal for hospitality, office, retail and residential spaces and 2) Our newest line Sectis Décor, where we ideate, design and produce beautiful, unique Textured Art Wall Décor for your space walls you'll always appreciate, feel, touch and love. Sectis Décor original designs highlight unique visual effects and amazing geometric textures so your walls never go unnoticed.

## **About Sectis Design - "Where Art & Design meet"**

Sectis Design is a Miami based Design Shop and manufacturing facility with a hands-on multidisciplinary team offering creative design solutions targeted to interior designers, artists, architects, industrial designers, museums, galleries, and consumers. The products line includes museum-quality displays,

art walls, space dividers, and art wall décor. Built from the finest acrylics, woods, plastics, metals, and veneers, its products are used in a wide array of settings including hotels, museums, galleries, and businesses as well as in private homes.
