### **Tectura Designs, North America's only manufacturer of cementitious terrazzo tile, brings Italian-inspired, American-made products to NeoCon 2017**

*Tectura brings modern design, engineering and manufacturing to this elegant, timeless flooring*

**WAUSAU, Wis. — Nov. 6, 2017** — Looking for the hottest trend in design? According to [Apartment Therapy](#), architects and designers are turning to the versatility of terrazzo tile – and nobody does it better than Tectura Designs, the only cementitious terrazzo tile manufacturer in North America.

Visit Tectura Designs in booth 1437 at NeoCon East November 15 and 16 to see the latest terrazzo design trends and how Tectura is bringing new looks and high-quality manufacturing to a timeless material – including gorgeous new installations in Warby Parker retail stores across the country.

“Our customers are some of the most innovative and creative minds in the field, and we’re always listening and responding to their needs to create products that help them make projects memorable,” said Bryan Borrell, president of Wausau Tile Inc., home of the Tectura Designs brand. “We’ve invested in state-of-the-art technology to provide unmatched capabilities in terrazzo tile that offer a distinctive polished look that’s durable and picturesque.”

In addition to the new Warby Parker stores, Tectura Designs products are featured at the [Javits Center](#) – the “Marketplace of the World” – in New York, custom staircases at the [Ohio State University](#), and [Universal Studios Mel’s Diner](#) to name a few.

Browse Tectura Designs' complete portfolio of architectural products, including [custom precast concrete, terrazzo tile and slab](#), [precast terrazzo](#) and [site furnishings](#).
