Nightingale's highly anticipated return to NEOCON East 2017

Philadelphia, PA – October 30, 2017 – Nightingale is excited to announce their anticipated return to the NEOCON East 2017 showroom on November 15th and 16th. Along with an exclusive peek at Nightingale's newest innovations and products, our booth will return with our famously-popular espresso bar and complimentary gelato station.

Nightingale is eager to participate in this year's event and welcome guests and industry peers to view our innovative product variety. "This will be a great opportunity to showcase the quality and comfort our product delivers," says Nightingale President Ed Breen. "We have always enjoyed our experience participating in NEOCON and we plan to continue supporting these initiatives."

Visit Nightingale's booth (#603) just inside the Hall E entrance of the Pennsylvania Convention Center (PCC). Professional baristas will handcraft your favorite beverage while you enjoy Nightingale products and experience product demonstrations. Our gelato won't be the only product you crave after experiencing our product's comfort and quality.
