

Koncept is now a GSA Contract Holder!

September 2017 - Monrovia, CA: The GSA has approved Koncept Inc. as a vendor for federal agencies, state and local governments. The GSA (General Services Administration) is the purchasing department of the U.S. Government, and ensures that government agencies receive high-quality products and services at a reasonable cost. Koncept's newly awarded status as Contract Holder secures the organization in the Furnishings and Floor Coverings sector of this reputable list, and ensures a streamlined process for government agencies to procure many of Koncept's products.

Koncept's line of award-winning desk/floor and undercabinet lights has seen much success in the commercial contract market. Products are utilized by companies of all sizes, and are often specified by designers, ergonomists, facility managers, etc. to enhance lighting quality and overall work environments. With the newly awarded GSA contract, government agencies can now enjoy the same quality of lighting products with a streamlined acquisition process.

About Koncept Inc.

Koncept designs and manufactures contemporary, energy efficient, fully functional LED lighting for homes and offices. Based in Monrovia, CA, the family-owned organization has won a multitude of national and international design awards, including the 2017 Best of NeoCon Gold Award.
