In Pictures: NeoCon East 2009

19 11 2009

It's hard to believe that NeoCon East is already over!

IIDA was on site in Baltimore to answer questions, interact with Members and enjoy the bustling atmosphere. Now that we're back home, we thought we'd share some of our photos from the convention.

The IIDA booth featured three Kimball Office Fit chairs which were a huge success. No matter what time of day, they were always full!
